The Allen and Joan Bildner Center for the Study of Jewish Life is committed to academic excellence, fostering scholarly exchange and faculty research, and providing educational programs for the community at large. The activities of the Herbert and Leonard Littman Families Holocaust Resource Center, a vital part of the Bildner Center, contribute to the Center's commitment to reduce prejudice and promote inter-group understanding. The Center sponsors visiting scholars who teach and contribute to the intellectual life of the Rutgers community. Working closely with the Department of Jewish Studies, it offers a wide range of programs for students and seminars for faculty. The Center connects the university with the community through its public lectures and symposia, Jewish communal initiatives, cultural events, and teacher training.

Thank you so much for your generosity!
